	Mr Jorge Mascaro	Queen Elizabeth Hospital Birmingham
	Prof Aung Oo	Barts Heart Centre
Mr Geoffrey Tsang	Southampton General Hospital	

Dinner and accommodation: Wychwood Park Hotel & Golf Club, Crewe

This course is offered by national charity, Heart Research UK, to consultants and senior trainees, and places are limited. The course is free of charge and includes registration, dinner and accommodation.

Course objectives

Aortic surgery is an area of subspecialisation uncommonly encountered by the majority of cardiac surgeons. In most UK centres, it is difficult to train in aortic surgery for acute type A aortic dissection, due to both case complexity and low volume. Most senior cardiac surgical trainees will never perform such surgery and most recently-appointed consultants will have had only limited exposure to such cases.

This course will provide a unique opportunity to gain hands-on experience of aortic dissection scenarios including total aortic arch replacement, supervised by an expert faculty of both national and international repute. It is aimed at recently-appointed consultant cardiac surgeons or surgeons wishing to progress to perform aortic surgery, and senior trainees in cardiac surgery.

This course is accredited by the Royal College of Surgeons of England for up to six CPD points.

Programme

Thursday 23 May 2019: Wychwood Park Hotel and Golf Club, Crewe

19:30	Pre-dinner drinks
20:00 onwards	Masterclass dinner at Wychwood Park Hotel, followed by overnight accommodation

Friday 24 May 2019: Keele Anatomy and Surgical Training Centre , Keele University

8:45 – 9:00	Welcome and introduction
9:00 – 9:45	Operative strategies in acute dissection All Faculty
