

Charity of the year

Nominate Heart Research UK as your Charity of the Year to help us take on heart disease.

Heart Research UK is the charity dedicated to your heart. With 7 million people living with cardiovascular disease, it's highly likely that you know someone who has been affected. We're taking on heart disease, and we need your help.

A Charity of the Year partnership with us is a fun and rewarding way to engage your colleagues in exciting fundraising activities and events, working together with us to raise vital funds that will benefit patients as soon as possible.

From improving staff morale and teamwork to PR opportunities, nominating Heart Research UK as your company's Charity of the Year provides a wealth of mutual benefits.

We will work closely with you to plan an inclusive calendar of fundraising, events and communications to bring our partnership to life. We will also be on hand to support all your activities and give inspirational ideas to help you reach your fundraising targets and charitable objectives.

Join our current partners today by choosing Heart Research UK as your Charity of the Year, and help us take on heart disease.

If you would like to talk through how we can work together please get in contact: corporate@heartresearch.org.uk or call 0113 234 7474.
