

Masterclass series

Cardiothoracic Organ Retrieval, Transplantation and Mechanical Circulatory Support

29th February to 1st March 2024

Course Director:

Marius Berman MD, FRCS (CTh), Consultant Cardiothoracic & Transplant Surgeon, Surgical Lead for Transplantation and MCS, Royal Papworth Hospital

Venue:

Cambridge Surgical Training Centre, Cambridge, CB5 8RE

Course overview:

This Masterclass is aimed at senior trainees in cardiac surgery and consultant surgeons within their first 2-3 years of appointment. Applications from other theatre staff involved in organ retrieval and transplantation are welcome.

The masterclass aims for hands on practice:

- Heart and lungs retrieval
- Heart and lung transplantation as separate organs
- Heart-lung en-block transplant
- Short term MCS
- Long term MCS
